The big RPP Infra Projects Limited message that one needs to communicate is that the impact of our experience and expertise translated into reality in the last financial year.

This was reflected in two areas.

One, growth in the company's topline and bottomline by 18.2 percent and 15.74 per cent respectively in 2015-16.

Two, the substantial growth in order book by ₹182.69 cr (largest in any single year) to a year-end pipeline of ₹725.26 cr.

Three, during the most challenging days for the country's infrastructure sector, RPP Infra reported an EBIDTA margin of 15.79 per cent.

As we address a peak order book, we are optimistic of increasing this margin, which, combined with our large volumes, should translate into higher revenues and profits.

Our story is just beginning...

RPP Infra is not the usual infrastructure construction company.

The company is present in niche infrastructure spaces.

The company works with a manageable scale of projects.

The company generates margins higher than the sectoral average.

This makes the company an attractive proxy of the impending infrastructure opportunity.

Our background

RPP Infra has been engaged in nation-building since 1995. The Company has executed many projects in Tamil Nadu, Karnataka and Andhra Pradesh (erstwhile) across 20 years.

Our promoters

RPP Infra is promoted by Mr. P. Arul Sundaram (Chairman and Managing Director), a first-generation entrepreneur with a two-decade experience in the country's infrastructure sector. Mrs. A. Nithya (Whole Time Managing Director) possesses over a decade of experience in infrastructure financing. The promoters are assisted by techno-commercial professionals with an average sectoral experience of 20 years.

Our verticals

RPP Infra is engaged in construction across multiple infrastructure verticals like roads, buildings, industrial structures, power, irrigation and waste management.

Our presence

RPP Infra had 26 concurrent projects in Tamil Nadu, Karnataka, Andhra and Telangana (as on 31st March 2016).

Our order book

The RPP Infra order book grew at a (0.05)% CAGR over the past five years and 0.11% CAGR over the past three years, indicating robust order accretion. In 2015-16, the Company's order book was ₹857.37 crore (₹725.26 crore at the close of the previous fiscal).

Chairman's Message

Our vision

To be a global leader in the construction and infrastructure industry, by continuously moving forward.

To have international standards by adopting latest technologies, ideas and systems by creating quality minded employees to deliver to client expectations.

Our mission

To perform exceptionally well in all aspects in the industry by providing innovative, reliable and high quality services to our clients.

Developing highly trained loyal employees who work as a team to anticipate, identify and respond to client needs.

IT GIVES ME PLEASURE TO SHARE WITH YOU THAT YOUR COMPANY HAS POSTED ROBUST FINANCIAL PERFORMANCE, ON THE BACK OF CHALLENGING ECONOMIC SCENARIO, WITH IMPROVEMENTS ACROSS KEY PARAMETERS, DUE IN NO SMALL PART TO OUR CONTINUED EFFORTS IN PRODUCTIVITY ENHANCEMENT AND RESOURCE MANAGEMENT.

Positive policy actions together with the decline in oil prices have helped make India one of the fastest-growing large economies in the world. India's growth outlook is favourable, with GDP growth projected to strengthen from 7.3 percent in 2015-16 to 7.5 percent in the upcoming fiscal year. According to the IMF, the potential is enormous but to remain in the economic 'sweet spot,' India must ensure forward momentum of economic reforms.

Union Budget 2016-17 highlighted the government's focus, once again, on the infrastructure sector. Like last year, there was a substantial increase in outlay for roads and railways. The government has also taken measures to address issues in irrigation and civil aviation space. The government has continued

to build upon the promises made last year and has made significant progress during the year.

India's growth would spur only with the growth and development of infrastructure in size, scale and speed. For the development of infrastructure, role of private players shall be pivotal, many of which are

implemented in the "Public Private Partnership" (PPP) model. The PPP model, which involves both private and public sectors, joining hands, symbiotically, is the route forward to achieving success. The government has taken a multi-pronged approach to improve the PPP model for all stakeholders. They

have systematically identified the hurdles of these projects & tried to address them.

Performance review

Notwithstanding the uncertainties of the economic environment, your company has turned in a laudable performance on most key performance parameters for 2015-16.

We have registered a 20% growth in revenue as well as 20% increase in profit after tax. The company's revenue for the FY1516 was ₹315 crores as against ₹263 crores in the previous financial year. Net profit for the year was ₹20.67 crores as against ₹17.27 crores in the previous year.

Some of the significant projects undertaken by the Company during the year included:

- Construction of godowns at Thanjavur, Coimbatore and Nagapattinam for TNCSC
- Construction of toilet blocks under Swacch Bharat Scheme at Andhra Pradesh
- Road and drain improvement works in Gadag, Karnataka
- Providing CWSS (Combined Water Supply Schemes) to rural habitations in Salem, Tirupur and Trichy districts
- Formation of Flood Carrier Canals in Ramanathapuram District of Tamil Nadu

- WSIS to Tindivanam Municipality in Villupuram District of Tamil Nadu
- Implementation of Phase II eco restoration in the 300 acres of Adyar estuary and creek

As a part of our overall strategy of enlarging our footprint across India, we have bagged projects in Madhya Pradesh. We have also entered in to a Consortium agreement with Siemens Ltd., India for submitting a joint bid to Power Grid Company of Bangladesh in respect of design, supply, erection, testing and commissioning of 400 KV, 230 KV and 132KV substations on turnkey basis.

The performance of the subsidiary companies remained muted with the Group's consolidated revenues for the year being ₹315 crores, while the consolidated profit after tax was ₹19.19 crores.

It gives me pleasure to announce that your Company has recommended a dividend of Re.0.50 per equity share for the financial year ending 31st March 2016.

Outlook

Infrastructure is not a matter of choice, but of need. Good Infrastructure fuels economic growth of a country. Spending by the public sector in core infrastructure has been improving. Funding from increased budgetary allocation by the Central Government, increased level

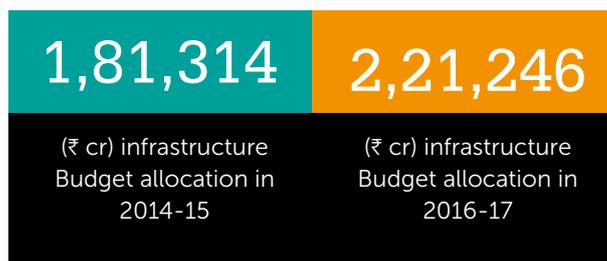

of ordering by healthy public sector undertakings and a steady inflow of soft loans from external multilateral lending agencies have contributed to a perceptible rise in the core infrastructure investment momentum. This has considerably enhanced potential business opportunities for your Company.

R.P.P Infra continues to build on core competencies thus reducing the risk of dependence, on any one sector or project and helps in participating in projects across the country. We will stay focused and selective in achieving increased returns. We are bullish on the long term growth opportunities and are well positioned to capitalise on the opportunities by leveraging on our execution capabilities, track record and robust balance sheet. With a positive view on the economic status of the sector, we can look forward to significant growth for the company.

I thank the Board members, Shareholders, Lenders, Employees and Vendors who have walked with us and strengthened us in our pursuit of excellence and have enabled sustainable and profitable growth in business year after year.

Thank You,

P. Arul Sundaram

Whole Time Director's operational review

A. Nithya, Whole Time Director, reviews the company's performance of 2015-16

Q Were you pleased with the company's performance during the year under review?

A The answer is yes – for a number of reasons.

One, even though the country's GDP growth indicated an improvement by 30 bps to 7.6 per cent growth during the financial year under review, the ground realities indicated yet another year of sluggish economies realities.

Two, the much-awaited infrastructure investment push in the country did not transpire to the extent that one had anticipated. The revival was noticed in limited infrastructure segments and the result was

that most infrastructure-based construction companies continued to work with high operating leverage, or, in other words, much below their potential.

Three, interest rates continued to be high through the year and, considering that this represents a critical 'raw material' for our business, our profitability was relatively affected.

Four, our project deliveries were delayed and costs increased during the third quarter following the unprecedented impact of the

Chennai floods.

Despite these challenging realities, it is creditable that the company reported a 19.59 per cent growth in revenues, a (1.04) per cent growth in EBIDTA and a 15.74 per cent increase in profit after tax. The big message that one would like to send out to our shareholders is that if this is how the company could have responded during an economic slowdown, then better times lies ahead when the infrastructure investment-led economy revives.

Q What were some of the other highlights of the company's working in 2015-16?

A The company continued to make inroads into profitable construction segments that should strengthen our profitability. During the year under review, the company was awarded a ₹117 cr irrigation infrastructure construction project in Karnataka. This project is special for some good reasons: one, it represented our largest single order in the irrigation infrastructure

construction space; the EBIDTA margins for such projects range in the 15-18 per cent band, which is around our corporate average; following successful completion, we will be eligible for ₹200 cr of such standalone projects.

The big point is that we are not merely bidding for just about any kind of infrastructure construction project that comes our way; we enter spaces where we possess

experience, where we can leverage competence from other spaces, where a government priority will translate into larger national investments, and where successful delivery could easily translate into larger contracts in our individual capacity (without the need to seek partners).

Q What were some of the other highlights of the company's working in 2015-16?

A Ever since we went into business in 1995, RPP Infra has been a South India-focused construction company. This focus allowed us to mine deeper for projects within this geography; it allowed us to allocate construction equipment quicker across locations; it allowed us to strengthen relationships with our customers through an ongoing

understanding of their emerging investment patterns and agenda.

During the last financial year, we made a decisive extension in our operating presence: we were awarded a concrete road project in Madhya Pradesh. Even as we will continue to be focused on opportunities arising out of South

India, we believe that Madhya Pradesh holds out attractive prospects: the state government is progressive, it is one of the early implementers of the Indian government's infrastructure agenda and it is investing in just the spaces where RPP Infra possesses expertise and track record.

Q What was the principal highlight of the company's working during the year under review?

A The principal highlight was our robust order book which was ₹725.26 cr at the year-end. The year-end order book was one of the largest in our existence. A sizable ₹350 cr of orders were booked in the last quarter, which provides the optimism that this

aggressive accretion will extend into the current financial year.

What I would like to impress upon shareholders is that this order book will be value-accretive: the corresponding margins are in the EBIDTA band of 17.31 per cent to 16.28 per cent, at least 14.75 bps

higher than what the company witnessed in the last few years. We believe that this combination of unprecedented volume on the one hand and superior operating margins on the other will translate into enhanced value for our shareholders.

Q Can you give us another instance of this kind that transpired during the year under review?

A During the year under review, the company completed the handover of 1024 constructed toilets as part of the Swachh Bharat Abhiyan. This ₹23 cr project was addressed across Srikakulam, Anantapur, Kurnool

and Vijayanagaram. There were some interesting features of this assignment: this enhances our profile as a part of the government's priority, which is only expected to grow over time. The company carved out a 14%

EBIDTA margin for the project, which was again in our desired profitability band. Best of all, the project consumed only six months, generating an attractive return on our invested time.

Q Are you optimistic of the company's prospects?

A At RPP Infra, we have our work cut out for the next 24 months: we need to liquidate our ₹750 cr order book on schedule, we need to deliver projects in line with customer specifications, we need to strengthen our project bidding capability and graduate to larger projects, we need to raise

our presence in areas marked by relatively low competition, we need to bid successfully for projects where we possess established competence and we need to focus on projects and spaces that offer us the prospect of enhanced margins.

I am optimistic that the national momentum of infrastructure investment will only grow stronger from this point onwards, strengthening our order book, margins and profits, which in turn enhances value for all those who own shares in our company.

This is the dashboard of the health of our business

Definition

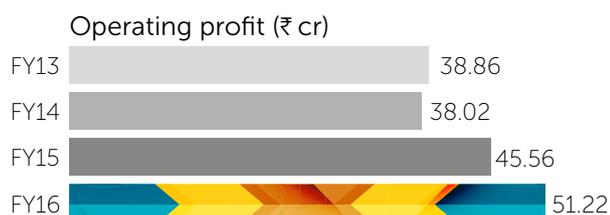

Sales growth without deducting excise duties.

Why we measure

This measure reflects the result of our capacity to understand market needs and service them with corresponding projects.

Performance

Our aggregate sales (including subsidiaries) increased 18.33 per cent to ₹314.69 cr in FY 16, which compared favourably with the 8.5 per cent growth of the country's infrastructure sector and 7.6 per cent growth of the national economy.

Definition

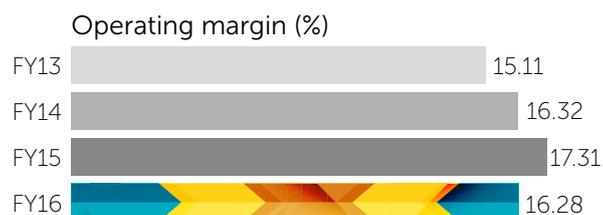

What the company earned before the deduction of interest, depreciation, extraordinary items and tax.

Why we measure

This measure is an index of the company's operating profitability (as distinct from financial), which can be easily compared with sector peers.

Performance

The company's operating profit grew every single year through the last three years. The company reported a 12.42 per cent increase in its operating profit in FY 16, which was the sharpest increase reported by the company in three years.

Definition

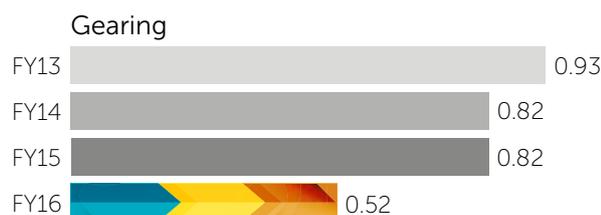

The movement in percentage points in operating profit before interest, depreciation, exceptional items and tax when divided by the company's revenues.

Why we measure

This movement essentially indicates whether the business is becoming more efficient or not. RPP Infra works at the upper end of operating margins, higher than the sectoral average.

Performance

The company's operating profit margin increased every single year through the last three years. This was the result of more remunerative projects and superior operating synergies across the business.

Definition

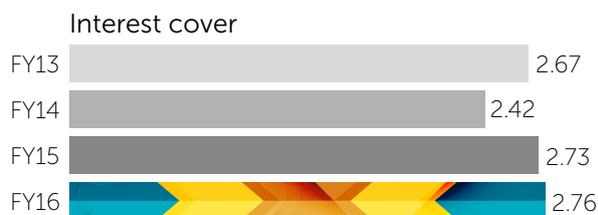

This is derived through the ratio of debt to net worth (less revaluation reserves).

Why we measure

This is one of the defining measures of a company's financial health, indicating the ability of the company to remunerate shareholders over debt providers (the lower the gearing the better). In turn, it indicates the ability of the company to sustain growth in profits, margins and shareholder value.

Performance

The company's gearing was 0.82 in FY15 and 0.52 in FY16. We recommend that this ratio be read in conjunction with net debt: operating profit (declining, indicating a growing ability to service debt).

Definition

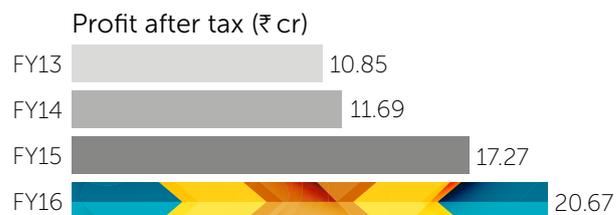

This ratio is derived following the division of EBITDA by interest outflow.

Why we measure

In an increasingly cash-stressed world, interest cover indicates a company's comfort in servicing interest payment obligations.

Performance

The company's interest was 2.76 in 2015-16, which was a fair achievement in a sectoral downtrend.

Definition

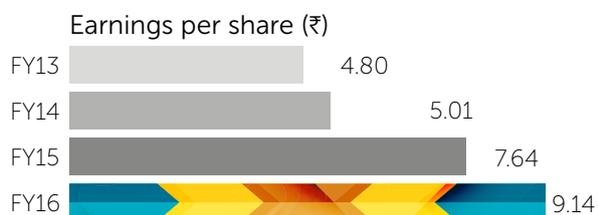

This is derived after all the expenses and provisions have been deducted.

Why we measure

This indicates the bottomline generated by the business and the quantum available for distribution among shareholders (and reinvestment).

Performance

The company's PAT increased 19.70% to ₹20.67 cr in FY16.

Definition

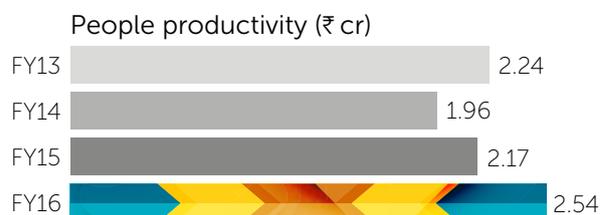

This is derived from the division of profit after tax by the number of equity shares outstanding.

Why we measure

This indicates the equity efficiency of the company – whether the profits filter down to shareholders.

Performance

The company's EPS increased from ₹7.64 in FY15 to ₹9.14 in FY16, indicating that the company was enhancing shareholder value.

Definition

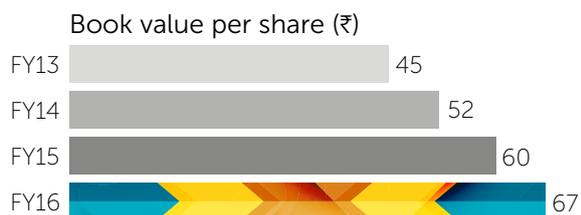

This ratio is derived through a division of revenues by the number of employees.

Why we measure

In an increasingly competitive space, success is derived through superior leverage of knowledge and intellectual capital, which is effectively measured by the financial throughput per person employed.

Performance

The company's per person revenues increased from ₹2.17 cr in FY15 to ₹2.54 cr in FY16.

Definition

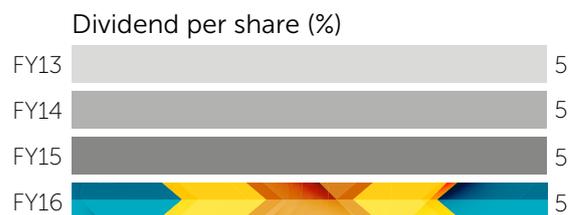

This is derived through a division of the net worth by the number of equity shares outstanding.

Why we measure

This measure indicates the net worth per share, which is often used as an index in ascertaining market valuation.

Performance

The company's book value per share has consistently increased in line with rising profits.

Definition

This number indicates the amount paid per share to shareholders.

Why we measure

This indicates the company's propensity and willingness to reward shareholders.

Performance

The company's dividend per share was Re. 0.50 in 2015-16 corresponding to a payout of ₹1.13 cr and a payout ratio of 5.5 per cent.

Our distinctive business model

Positioning

The Company is broadly positioned to capitalise on developments in the southern States of Tamil Nadu, Karnataka, Andhra Pradesh and Telangana. It is also extending into Central India (Madhya Pradesh) to seek opportunities. Our joint ventures and alliances with partners catalyse growth and experience. RPP focuses on governance and has developed processes and systems to achieve operational consistency. The Company has also chosen to diversify its business into diverse verticals, allowing it to address niche projects with lower competition.

Project selectivity

The Company is focused on projects that are relatively complex, allowing the Company to leverage its engineering expertise and captive equipment. It selects projects selectively in the ₹50-100 cr range, bidding mostly for EPC projects with attractive margins. The company has established a hurdle margins rate, below which it prefers to walk away from bidding. This selectivity has made it possible for the Company to protect viability in the most challenging markets, strengthening its capacity to address vigorous sectoral rebounds.

Government contracts

The Company bids mainly for government contracts in addition to projects from credible companies like BHEL, NTPC, L&T etc. This prudent mix of projects enhances security of funding, faster execution and delivery. RPP also enjoys a presence in areas where the State and Central government initiate projects.

Client centricity

RPP has earned client respect, visible in the higher proportion of repeat projects from existing clients. The strong operations discipline has often helped generate project bonuses due to timely project completion. The Company has acquired client testimonials and certifications in equal measure, demonstrating its execution excellence.

Sustainability

The Company believes that the most successful companies are not necessarily those working on the largest projects but those with the most attractively-sized Balance Sheets. The latter, we believe, is derived from profitable projects, timely cash flows, attractive margins, large reinvestments, decline in gearing and increasing interest cover. This is the company that we have set out to become, influencing every aspect of our corporate strategy.

Agility

An ability to respond swiftly to market dynamics is business-strengthening. RPP possesses this ability. The focus on consistency has also ensured that quality is maintained across projects, resulting in timely execution. RPP understands various industry sectors and terrains, which enhances its capability to undertake diverse projects. The Company also deploys specialised project coordinators with a comprehensive understanding of technology and engineering. The ownership of captive equipment enhances flexibility and accelerates project execution.

Capabilities

The Company operates in various infrastructure verticals, which has enhanced its civil engineering capabilities. Leveraging its core competencies, RPP is able to plan, design, manage receivables and execute projects, while ensuring that customer service needs are met. It consistently invests in skill development and increasing its sub-contracting projects.

Responsibility

The Company has inculcated a high safety culture on project sites to reduce accidents. A continuous investment in state-of-the-art equipment keeps operations at par with industry standards. The Company has also implemented environment-friendly practices to reduce impact on surroundings while executing projects.

Culture

RPP has nurtured a reputation for excellence. The Company's professionals operate with an entrepreneurial outlook, seeking opportunities with speed and addressing them efficiently. The Company has delivered projects on schedule.

Forward looking

The Company has invested in top-of-the-line IT tools, making it possible to chart out accurate project estimates leading to timely project implementation.

RPP - Delivering value to shareholders

Holistic Return

At RPP Infra, we strive to deliver consistent value to shareholders. The returns on capital employed increased in the past two years.

Moreover, every rupee invested as capital employed generated ₹51.22 as topline; every rupee earned as topline enabled the company to generate ₹20.67 as net profit in 2015-16.

The market capitalisation also strengthened to ₹275.50 crore (as on 31st March 2016) from ₹244.09 crore (as on 31st March

2015), demonstrating the Company's robust business model.

The Company possesses a diversified shareholder base. At the end of fiscal 2016, foreign equity ownership (foreign investors and FII) comprised 2.37% of the Company's equity, while retail investors (domestic corporates and others) held 25.21%. Nearly 72.42% of the equity capital was in the hands of the Company's promoters, 44.07% was unencumbered.

Order book

RPP Infra's order book was ₹725.26 crore as on 31 March 2016. This healthy order book emphasises our success as a construction company and provides revenue visibility for the next 30 months. The Company received orders worth ₹182.69 crore during the period under review, among the highest annual order books for the Company. Interestingly, out of the fresh orders received, almost 29.37% was for the RCC road and water pipeline construction spaces, which augurs well for margins

accumulation, going forward.

Liquidity

The Company's cash and cash receivables increased from ₹14.16 crore in 2014-15 to ₹24.84 crore in 2015-16 and stood at 31.89% of the total debt on the books at ₹77.89 crore as on 31st March 2016. The Company's growing cash and liquid balance is an indicator of operational efficiency and represents a crucial source of reserves.

Return on gross block

RPP Infra's gross block represents a competitive advantage in terms of state-of-the-art equipment, machinery and technology. It also indicates an ability to swiftly mobilise resources for projects and ensure in-time project completion. The Company's RoGB enhanced from 14.12% in 2013-14 to 26.85% in 2014-15 to 40.08% in 2015-16. The Company also pursues an asset-light approach, generating superior business returns. For specialised jobs, either the Company hires the necessary equipment, or purchases with subsequent disposal following use.

Margins

RPP Infra maintained its 2015-16

EBIDTA margins at the level of the previous year. The Company's EBIDTA margin of 10.47% was among the highest in the Indian infrastructure space. The net profit margin of 6.57% in 2015-16 was marginally higher than the margin of 6.56% reported in the previous financial year. This could have been higher but for a charge due to a change in the depreciation policy from the written down (WDV) to the straight line (SLM) method (resulting in a more accurate usage pattern and economic asset benefits). Going forward, softening commodity prices and bulk procurement will enhance margins. We will continue to bid for projects with attractive margins.

Dividend

RPP Infra proposed a 5% dividend of Re 0.50 per share (face value of ₹10 each) in 2015-16. This announcement was consistent with the Company's dividend payout policy; the Company attempted to balance rewarding shareholders in the immediate term and reinvesting cash profits to grow the business.

Earnings per share (EPS) and book value

RPP Infra's EPS climbed from ₹7.64 in 2014-15 to ₹9.14 in 2015-16. The Company's book value per share stood at ₹67 in 2015-16 against ₹60 in 2014-15.

Six points that are fast-tracking our growth

1. Order book of ₹725 crore (as on 31st March 2016) with projects in power, roads and other EPC spaces. Conscious avoidance of BOT and private sector-awarded projects
2. Integrated business presence – conceptualise, conceive, construction and commission infrastructure assets
3. Significant presence in South India through 26 concurrent operational sites in four states
4. Gross block of a healthy ₹51.57 crore (as on 31st March

2016) with a high return on gross block of 40.08% in 2015-16, resulting in quicker project completion and minimal asset idling. Ability to acquire, use and dispose-off specialised one-time assets

5. Among the highest EBIDTA margins in our peer group; consistent margins growth on account of bidding for and bagging larger ticket size projects, tight costs control, prudent financial modelling and treating each project as a profit center SBU

6. Niche presence in high-margin construction spaces including RCC roads development and water pipeline projects

How we manage risks at RPP Infra

<p>Industry risk</p>	<p>Risk impact An industry dependent on economic conditions in the Country can adversely affect the Company's profitability.</p>	<p>'Housing for all', 'Power for all', 'Smart City projects' etc., are gaining momentum. Besides, a new Tamil Nadu Government augurs well for RPP Infra to bag projects locally and regionally. Industry buoyancy is also reflected in the fact that the company projects its order book to grow in 2016-17.</p>
	<p>Risk mitigation measures The economy of India is growing robustly, and the governmental initiatives across industry sectors are taking effect after two years. Initiatives such as 'Make in India', Pradhan Mantri Gram Sadak Yojana',</p>	
<p>Strategy risk</p>	<p>Risk impact A prudent operational strategy is necessary for long-term sustainability.</p>	<p>projects on the back of alliances</p> <ul style="list-style-type: none"> • Appointing a techno-commercial central coordinator for each project around an SBU approach and direct P&L responsibility • Focusing on infrastructure niches like RCC, road and water pipeline development that are marked by lower competitive intensity <p>All these measures resulted in an attractive topline growth year-on-year over the last five years. Besides, RPP Infra also provides extensive training to its team in best-in-class operating procedures, project management and financial modeling.</p>
	<p>Risk mitigation measures The Company has embraced a prudent business strategy that includes:</p> <ul style="list-style-type: none"> • Focusing only on government contracts; 100% of its order book includes government-awarded projects • Focusing only on EPC and cash credit projects • Focusing only on projects between ₹50-100 crore though the company aspires to bid for and bag larger 	
<p>Government policy risk</p>	<p>Risk impact Uncertainties regarding government policies can affect operations.</p>	<p>prioritising infrastructure investments, limiting the impact of this policy risk. The residual risk is managed by seeking opportunities to control costs and diversify presence across geographies and sectors.</p>

RISK MANAGEMENT IS AN ESSENTIAL ASPECT OF GOOD GOVERNANCE. A RISK MAY BE IDENTIFIED AS AN INTERNAL OR EXTERNAL EVENT THAT HAS THE CAPABILITY OF IMPACTING THE COMPANY'S OBJECTIVES, ASSETS OR FINANCIALS. THE COMPANY HAS A SERIES OF CHECKS AND CONTROLS TO ENSURE THE FINANCIALS ARE FREE FROM MATERIAL MISSTATEMENTS. AT THE ORGANISATIONAL LEVEL RISK IDENTIFICATION AND MITIGATION INITIATIVES ARE PROVIDED BELOW.

 <p>Competition risk</p>	<p>Risk impact Increasing competition can impact market share and profitability.</p>	<p>has also chosen to work in niche spaces that are niche on account of their complexity and high entry barriers.</p> <p>The company also forged alliances with Hunan Corporation of China and Delamore & Owl of the UK for improving its project bidding and financial structuring capabilities. This consortium approach will enable RPP to bid for and bag larger ticket projects resulting in a stronger order pipeline.</p>
 <p>Operational risk</p>	<p>Risk impact Staff attrition and non-availability of key personnel can affect the Company's operations. Volatility in the price of critical raw materials can also impact project profitability.</p> <p>Risk mitigation measures The Company maintains a workforce based on its current and anticipated workloads. Besides, attrition is managed by adopting healthy employee practices</p>	<p>that promote a healthy work culture. This is coupled with performance-based promotion and rewards, conflict-resolution mechanisms, sound pay and incentive structures benchmarked with industry standards. Besides, the company's active resource – human and equipment – rotation policy minimises idling. The company also embraces best-in-class operating practices that minimise its environmental footprint and mandate the highest adherence to safety standards.</p>

15. Statement in Respect of Adequacy of Internal Financial Control with Reference to the Financial Statements

Internal Controls

A robust system of internal control, commensurate with the size and nature of its business, forms an integral part of the Company's corporate governance policies. Internal Audit has been conducted by qualified outside Internal Auditors. Findings of the Internal Audit report are reviewed by the Management and by the Audit committee of the Board and proper follow up action are ensured wherever required. The Statutory Auditors have evaluated the system of internal controls of the Company and have reported that the same are adequate and commensurate with the size of the company and nature of its business.

Internal Financial Controls

As per Section 134(5) (e) of the Companies Act, 2013, the Directors have an overall responsibility for ensuring that the Company has implemented robust systems and framework of internal financial controls.

These include those policies and procedures that:

- i. pertain to the maintenance of records which in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements in accordance with generally accepted accounting principles and that receipts and

expenditures are being made only in accordance with authorizations of the Management and the Directors of the Company and

- iii. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the assets that can have a material effect on the financial statements.

This provides the Directors reasonable assurance regarding the adequacy and operating effectiveness of controls with regards to reporting, operational and compliance risks, to enable them to meet these responsibilities. The Company has devised appropriate systems and framework including proper delegation of authority, policies and procedures, effective IT systems aligned to business requirements, Internal audit framework, risk management framework and whistle blower mechanism.

The Audit committee regularly reviews the internal control system to ensure that it remains effective and aligned with the business requirements, where weaknesses are identified as a result of the reviews, new procedures are put in place to strengthen controls. These are in turn reviewed at regular intervals.

The Company has developed a framework for designing and assessing effectiveness of internal controls over financial reporting and has already laid down entity level policies and process level standard operating procedures.

The entity level policies comprise anti-fraud policies (code of conduct including conflict of interest, confidentiality and whistle blower policy) and other policies (organization structure, roles and responsibilities, insider trading policy, related party policy, prevention of sexual harassment policy, risk management policy, policy for materiality of information or events and policy for preservation of documents). The Company has also prepared Standard Operating Practices for each of its processes of revenue to receive, procure to pay, hire to retire, finance and accounts, fixed assets, treasury, inventory, operations and administrative expenses.

The Management assessed the effectiveness of the internal financial controls over financial reporting as of 31st March 2016 and the Board believes that the controls are adequate.

SECRETARIAL AUDIT REPORT

For the Financial Year Ended 31st March 2016

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
RPP Infra Projects Limited
SF No. 454, Raghupathynaiken Palayam,
Railway Colony Post, Poondurai Road,
Erode - 638002, Tamil Nadu,
INDIA

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by RPP Infra Projects Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March 2016 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2016 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 and Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (vi) The list of major heads/ group of Acts, Law and Regulations as applicable to the Company as per management declaration and representation, is mentioned below. In relation to these laws we have relied on the representation made by the Company and its Officers for system and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations as applicable to the Company.

1. Labour Laws:

- i. The Employees Provident Funds And Miscellaneous Provision's Act, 1952.
 - ii. Employees' State Insurance Act, 1948.
 - iii. Minimum Wages Act, 1946.
 - iv. Contract Labour (Regular and Abolition) Act, 1970.
 - v. Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979.
 - vi. Maternity Benefit Act, 1960.
 - vii. Industrial Disputes Act, 1961.
 - viii. Payment of Bonus Act, 1965.
 - ix. Labour Laws (Exemption from Furnishing Returns and Maintaining Registers by Certain Establishments) Act, 1988.
 - x. Child Labour (Prohibition & Regulation) Act, 1986.

2. Housing Board Act, 1965
 3. Transfer of Property Act, 1882
 4. Building and Other Construction Worker's (Regulation of Employment and Conditions of Services) Act, 1996
 5. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with National Stock Exchange of India Limited and Bombay Stock Exchange Limited and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

1. The Company has failed to file Cost Audit Report in e-form CRA-4 with MCA during the audit period.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions of the Board and Committees were unanimous and the same was captured and recorded as part of the minutes and hence no dissent is recorded in minutes.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Industry Structure and Developments

India is expected to become the fourth largest infrastructure market in the world by 2025, as per the Royal Institute of Chartered Surveyors (RICS). Currently India is at sixth position with 5.30% market share in the global infrastructure market and is estimated to go up to 9.8% by 2025. The infrastructure sector plays a very crucial role as a vehicle of growth in economies, even more so in emerging economies such as India. As an emerging economy's population grows, there is a proportional growth in the requirements for supporting physical infrastructure like roads, power, water supply systems, sanitation systems and social infrastructure such as hospitals, educational institutions, etc. The government has clearly laid its focus on infrastructure development by implementing desired policies, removal of barriers to foreign investment and other initiatives to achieve long term sustainable economic growth.

India's rate of urbanisation is high and the ambitious 100

smart cities project will require a number of infrastructure planning and development efforts. The Twelfth Five Year Plan lays special emphasis on development of the infrastructure sector as an imperative for sustaining high growth and also ensuring that the growth is inclusive. According to the Twelfth Plan projections, during the Plan period, i.e. 2012- 17, an investment of US\$ 1 trillion is required in the infrastructure sector in India.

The last two Budgets saw the Government dealing and addressing legacy issues. This year's Budget has been projected to be in line with the current Government's "Transform India" focus. The global outlook for India seems encouraging and International Monetary Fund has projected India to be at a 'bright spot' and the World Economic Forum has commented that India's growth rate is 'extraordinarily high'. The current government has been quite vociferous in their attempts to promote infrastructure development, which is one of the most important factors towards providing a sustainable backbone to the rapid growth dream. The total outlay for infrastructure in the Budget 2016-17 including 'Internal and Extra Budgetary Resources' (IEBR) stands at INR 2,46,246 crore, approximately 8% of our GDP. The budgetary allocation seems to be in the right direction given our limited means and mounting fiscal deficit.

The infrastructure sector has been very expectant of the current Government due to its clear intent of being focused on higher infra spending. Across forums, it has been recognized that India's growth would spur only with the growth and development of infrastructure in size, scale and speed, and hence the sector has witnessed enhanced scrutiny across the public and private sector. Multiple reforms have been initiated in the infrastructure sector, resulting in robust growth in most key areas.

The Government has announced some key policy measures such as the approval of The National Investment and

Infrastructure fund to extend equity support to infrastructure non-bank financial companies. Further, for the development of infrastructure, role of private players shall be pivotal, many of which are implemented in the "Public Private Partnership" (PPP) model. In order to incentivize this model, a three point framework has been announced which focuses on:

- Institutional arrangement for Resolution of Disputes in infrastructure related construction contracts, PPP and public utility contracts,
- Guidelines for renegotiation of PPP concession agreements, and
- A new credit rating system for infrastructure projects with an emphasis on various in-built credit enhancement structures

Urbanization in India has become an irreversible process and an important determinant of national economic growth and poverty reduction. The increased pace of urbanization poses challenges with respect to providing adequate infrastructure, improving connectivity, and mobilizing resources. The level of urbanization has increased from 27.78 per cent in 2001 to 31.18 per cent in 2011. According to Census 2011, as many as thirty-five cities in India had a million plus population. At current rates of growth, urban population in India is projected to reach 575 million by 2030. Only 30% of Indian population lives in urban areas. As per Government of India estimates, urbanization in India is expected to grow at an astonishing rate of 38%. Over the next 20 years, it is estimated that INR 39,00,000 crore investment is required in urban infrastructure.

Lower oil prices, higher FDI inflows and the reform initiatives of the new government at the centre, along with its commitment to sound fiscal management and consolidation augur well for the growth prospects and the overall macroeconomic situation.

Opportunities and Threats

With growing population, emerging economies have been witnessing rapid urbanisation, which has become a major driver for investments in infrastructure. According to the World Bank, the number of people living in cities is expected to double in emerging economies by 2030. In India alone,

the proportion of urban population is expected to increase from 31% in 2011 to 36% in 2022. One of the reasons for rapid urbanisation is the growth in industries, both manufacturing and services largely located in urban areas. Growing industries, too, drive demand for power, water and transport infrastructure including roads and railways. In India, urbanisation has become an important and irreversible process, and a crucial contributing factor of national growth and poverty reduction. Typically, urbanisation is characterised by a dramatic increase in the number of large cities. Urbanisation and industrial growth coupled with the gaps in the quality and quantity of infrastructure facilities in emerging nations like India highlight the potential for growth in infrastructure and hence growth in investments in infrastructure.

The need for infrastructure development for economic prosperity and global integration cannot be overemphasized. Infrastructure sector has suffered from financing and time lag in physical capacity creation and time over-runs. These not only delay availability, but through cost overruns raise pricing and affordability issues. Infrastructure costs, as these are often non-tradable may also affect the competitiveness of economy in long run. The key to global competitiveness of the Indian economy lies in building world class infrastructure and service delivery at competitive rates. Lack of infrastructure not only results in reduced economic output, it also translates into additional costs in terms of time, effort, and money for accessing essential services such as health care and education. Rapid economic growth in recent years has put enormous pressure on existing infrastructure, particularly in transport, energy, and communications. Unless it is significantly improved, infrastructure will continue to be a bottleneck for growth and an obstacle to poverty reduction. In other words, the challenge is to ensure strong, sustainable, and balanced development through integration of economies with environmentally sustainable development of infrastructure.

Stepping up infrastructure investment, improving productivity and quality of infrastructure spending, removing procedural bottlenecks, improving governance, and above all maintaining consistency in government's infrastructure policies are some issues that need to be urgently addressed

in this context. From a broader perspective, a high level of investment in the infrastructure sector is essential for the overall revival of investment climate which may finally lead to sustainable growth in an economy. However, in the current macroeconomic environment, to achieve this objective, there is need to address sector-specific issues over the medium to long-term horizon in India.

The ongoing global downturn and slowdown in India's Economic growth poses a cause of concern for all business entities operating in India. Industry specifically, the contracting and construction markets in our country are competitive and require substantial resources and capital investment in equipment, technology and skilled personnel. We are increasingly moving towards larger projects with stringent Pre-qualification requirements where intense competition is expected to continue and may even increase as a result of the entry of foreign construction companies into the Indian market. All this is likely to lead to significant challenges to our maintaining historical growth rates and acceptable profit and margins. Our contracts are awarded after a competitive bidding processes and satisfaction of other prescribed pre-qualification criteria.

Financial Performance

The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013, guidelines issued by the Securities and Exchange Board of India and Generally Accepted Accounting Principles (GAAP) in India. The management of RPP accepts responsibility for the integrity and objectivity of these financial statements, as well as for various estimates and judgments used therein. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner the form and substance of transactions and reasonably present the state of affairs on the Balance Sheet and profit of the Company for the year ended on that date.

The revenue from operations achieved for the year was Rs. 315 crore as against Rs. 263 crore in the previous year which is an increase of 20% on y-o-y basis. RPP's core business is engineering and construction and it executes its works on the basis of contracts. Considering the challenging economic and financial environment, the Company has successfully executed projects and has performed well in revenue terms. This underscores the Company's position of strength in its various businesses and its strength to harness opportunities offered by the growing Indian economy.

The consumption of materials and other direct costs increased by 18 % to Rs. 249 crore as against Rs.211 Crore in

the previous year. Employee cost was Rs. 5.53 Crore for the year as against Rs. 5.33 Crore in the previous year.

The EBIDTA for the year was Rs. 51.31 crore as compared to Rs. 39.28 crore in the previous year. The EBIDTA margin increased to 16.31% from 14.93% in FY14-15.

Finance cost was higher at Rs.18.56 Crore as against Rs.16.67 Crore in the previous year.

Depreciation (including depletion and amortization) was lower at Rs. 4.85 Crore, as against Rs.7.25 Crore in the previous year.

Financial Performance with Respect to Operational Performance

Company has improved operational performance which in turn has resulted in improved financial performance. The company is further trying to improve the operational efficiency or performance which in turn will reduce the overall cost and increase profitability.

Business Outlook

Infrastructure is a key driver for the Indian economy. Increased spending in this sector has a multiplier effect on overall economic growth as it necessitates industrial growth and manufacturing. This in turn boosts aggregate demand by improving living conditions.

India's 2016-2017 Union Budget provides a significant outlay for infrastructure expenditure. This spending is seen as a key component of the government's plans to boost India's growth levels to projections ranging between 7 and 9 percent. The allocation of US\$ 32.41 to US\$ 32.70 billion (Rs 2.19-2.21 lakh crore) and a newly liberalized foreign direct investment (FDI) policy further underline the government's commitment in this regard.

For these reasons, the Indian government has promoted

investing in infrastructure, providing benefits such as the easing of tax restrictions and multiple financing alternatives. Such a focus on investment to boost GDP is a clear departure from previous consumption-led growth strategies. This is reflected in the total budgetary allocation – US\$ 20.32 billion (Rs 137,333 crore) or almost 30 percent of the Union Budget.

Smart Cities Mission: This is an urban renewal and retrofitting program by the Government of India that aims to develop the infrastructure of 100 cities, making them citizen friendly and sustainable. A total of US\$ 15 billion (Rs 980 billion) has been approved by the Union Cabinet, with the remaining funding to emerge from PPPs and municipal bonds. Each participating city will establish a special purpose vehicle (SPV) to implement its Smart City plan. An SPV is a limited company incorporated at the city-level, in which the state and the urban local body are promoters, though private entities may hold up to a 50 percent equity stake. The largest sectors targeted for PPPs are in areas such as water supply, waste management, and transportation.

Experts believe that as various reforms begin to gain traction and attract greater private investment, the construction sector is forecast to grow by an annual average of 6.6% between FY2016-17 and FY2019-20 in real terms. Forecasts suggest a strengthening of growth in the country's construction sector, as positive growth drivers gradually gain traction. The improving funding conditions and various other measures the government is taking to boost funding for construction companies would reignite credit growth amid a benign inflationary environment.

The construction industry in India is the second largest employer and contributes more than 10% of India's GDP. 50% of the demand for construction activity in India is for infrastructure, and the rest comes from industrial activities, residential and commercial development etc. The Indian construction industry is valued at over USD 126 Billion (117 Billion Euro).

While private sector investments in industrial capex are yet to take off, spends by the public sector in core infrastructure have been improving. Funding from increased budgetary allocation by the Central Government, increased level of ordering by healthy public sector undertakings and a steady inflow of soft loans from external multilateral

lending agencies have contributed to a perceptible rise in the core infrastructure investment momentum. This has considerably enhanced potential business opportunities for your Company.

The medium and long term prospects for the Indian building and construction industry are very promising; the potential for infrastructure investments for the next 15 years is still huge as the dynamic growth in the Indian population stimulates the need for infrastructure improvements. All those factors create a positive effect on the domestic construction industry.

Growth Strategies

The Company is leveraging on its capabilities in order to benefit from the emerging growth opportunities. The focus of the strategy is to ensuring cost competitiveness, sound execution strategies, managing volatility, control over working capital, efficient contract management, expanding customer base, focusing on due diligence of prospects, strengthening business development efforts, improved operational efficiency and improved supply chain management.

As part of its widening geographic presence strategy, the Company has already set its footprint in Madhya Pradesh and has also entered in to a Consortium agreement with Siemens Ltd., India for submitting a joint bid to Power Grid Company of Bangladesh in respect of design, supply, erection, testing and commissioning of 400 KV, 230 KV and 132KV substations on turnkey basis.

Risks and Concerns

Mitigation of risks is the all en-compassing requirement. Broadly speaking, Construction Projects face the following type of risks:

General Economic / Sector Risks: We derive and expect to derive substantially all of our revenue from infrastructure projects in India. Accordingly, we are heavily dependent on sustained economic development that we operate in and government policies relating to infrastructure development. It is also significantly dependent on budgetary allocations made by central and state governments, participation from multilateral agency sponsored developments, public bodies as well as access to private sector funding. Macro economic

factors in India relating to the infrastructure sector will have a significant impact on our prospects and results of operations. Our results of operations are and would continue to be dependent on the policies adopted by the central and state governments.

Bidding and execution capabilities: Infrastructure project development for large projects in India involves a process of pre-qualifying of interested bidders based on technical and financial strengths. Pre-qualifications criteria are based on factors such as relevant past achievement of project execution, net worth, cash accruals etc. After a project is awarded, completion on time is subject to various factors. We target for efficient project management and execution through efficient deployment of equipment and resources, quick decision making capabilities by on site project managers, strong relationships with suppliers and sub contractors and coordination between project sites and the head office. We monitor the progress of project execution in terms of time, cost, quality, efficiency, manpower resources and deployment of plant and equipment. Our ability to continue to execute contracts effectively, as our business grows, is important to our strategy and results of operations.

Completion risk: This is the risk that the project may not be completed on time, or at all, due to various reasons such as cost overruns, technology failure, force majeure etc. We ensure timely mobilization of site team and other requirements and also ensure timely availability of material/ labour/ equipment in a co-ordinated manner. We have also in place a Monitoring system to monitor the requirement of drawings/ clearances needed from client and ensure that these are communicated in advance and also documented.

Resource risk: This risk includes the non-availability of raw materials for the project operation. It also includes the risk that the raw material prices might move adversely. We draw up the project cost estimates based on site conditions, expected duration of the project, seasonal cost/ availability factors while quoting. We also negotiate better rates from suppliers/ service providers, leveraging on the volumes across sites.

Operating risk: This is a risk that the project costs would escalate. It also includes the risk that the project will have operational problems. We ensure an elaborate study of the

site conditions and the scope of the project and involve cross functional teams at the tendering stage to capture all variables across different processes. The Plan for project execution is then done elaborately with process linkages.

Casualty risk: This is the risk of physical damage to the project equipment. It also includes liabilities to third parties on account of accidents at the project site.

Site risk: This is the risk that the project site might have legal encumbrances. It also includes the risk that the site has technical problems.

Cost Management: We have experienced that our operating expenses constitute a major chunk of our total income. Our operating costs which relate to project costs mainly comprise cost of inputs, labour, fuel expenses, sub-contracting expenses and usage of various machinery. These costs are subject to volatility and may fluctuate owing to reasons beyond our control. Our ability to handle these costs in an effective manner will impact our results of operations.

Competition: we face significant competition for the award of projects from a large number of infrastructure companies who also operate in the same regional markets as us. Further, some of our competitors are larger than us, have stronger financial resources or a more experienced management team, or have stronger engineering capabilities in executing technically complex projects. Competition from other infrastructure companies will continue to have a significant impact on our ability to successfully bid for projects at price levels which would generate desired returns for us.

The Company has taken a number of initiatives such as deployment of risk mitigation strategies, superior execution of projects and astute cost management to deal with an overall environment dominated by high interest rates, sluggish demand, liquidity issues and higher input costs. The Company has adopted a pragmatic approach to navigate through the turbulent times and had cut down on overhead expenses and optimally stretched its available resources, making it lean yet effective in order to improve its operational efficiencies.

Risk Management Policy

Risk Management is an integral part of the business process.

The risk management process, inter alia provides for review of the risk assessment and mitigation procedure and timely report to the management and review of the identified risks at periodical interval to assess the progress of control measures. The Audit committee of the Board reviews the risk management efforts periodically.

The company follows the following risk management framework:

- Risk identification
 - This function involves pre-emptive strategies to identify potential risks and evolve a framework for mitigation
- Risk assessment and analysis
 - Risk assessment is the objective evaluation of the quantitative and qualitative value of risk related to the uncertainties of a specific situation
- Proactive risk governance measures
 - This requires the organization to ascertain action plans to address identified issues and forestall potential damage
- Comprehensive risk reporting
 - Record the causes and mitigation measures for future reference

The reporting systems ensure precise monitoring for quick decision making and smooth running of the operations. Prompt attention is drawn to any risk related function which is then closely monitored to enable appropriate decision making to avoid problems/ regain stability within the shortest possible time.

Internal Controls and Their Adequacy

Your Company has adequate internal control systems to monitor business processes, financial reporting and compliance with applicable regulations. It has documented procedures covering all financial, operating and management functions. These controls have been designed to provide

a reasonable assurance with regard to maintaining proper accounting controls, monitoring of operations, protecting assets from unauthorized use or losses, compliances with regulations and for ensuring reliability of financial reporting. The Company has continued its efforts to align all its processes and controls with best practices in these areas as well. The systems are periodically reviewed for identification of control deficiencies and formulation of time bound action plans to improve efficiency at all the levels.

The Audit committee of the Board reviews internal control systems and their adequacy, significant risk areas, observations made by the internal auditors on control mechanism and the operations of the company, recommendations made for corrective action and the internal audit reports. The committee reviews with the statutory auditors and the management, key issues, significant processes and accounting policies. The company continues its efforts in strengthening internal controls to enable better management and controls over all processes.

Human Resource Development and Industrial Relations

Our continued success will depend in part on our ability to retain and attract key personnel with relevant skills, expertise and experience. We are aware of the challenge in attracting and retaining the best of talents in the industry. All our HR policies and practices are aligned with the overall organizational strategy. Presently, our company has 124 employees at various levels under its direct employment. We have in place a well-drawn out HR Policy and a working environment encouraging innovation, cost reduction and a time bound completion of projects along with measures targeted to emerge as a merit driven organization in these challenging times. The management has been paying special attention to various aspects like employee training, welfare and safety thereby strengthening the human resources.

Financial Statements

Independent Auditor's Report

To
The Members of
M/s. RPP INFRA PROJECTS LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of M/s. RPP Infra Projects Limited, which comprise the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, and its profit/loss and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order.

2. As required by Section 143 (3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. or the Company does not have any pending litigations which would impact its financial position
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial

reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating

effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria

established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of Accounts

Note No.1 Significant Accounting Policies

1.1 Basis of Preparation

The Company maintains its accounts on accrual basis following the historical cost convention in accordance with generally accepted accounting principles ["GAAP"]. Further, the guidance notes / announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations viz. SEBI guidelines override the same requiring a different treatment.

The financial statements are prepared in accordance with the requirements of the Companies Act, 2013, and comply with the Accounting Standards referred to in Section 133 of the said Act. The preparation of financial statements in conformity with GAAP requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known.

1.2 Presentation of financial Statement

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Accounting Standard (AS) 3 "Cash Flow Statements". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the Listing Agreement.

Amounts in the financial statements are presented in Indian Rupees in Crore rounded off to two decimal places in line with the requirements of Schedule III except where stated otherwise. Per share data are presented in Indian Rupees to two decimal places.

1.3 Revenue Recognition

A. Accounting of construction contracts

The Company follows the (Accounting Standard 7) percentage completion method, based on the stage of completion as at the balance sheet date, taking into account the contractual price and revision there to by estimating total revenue and total cost till completion of the contract and the profit so determined has been accounted for proportionate to the percentage of the actual work done as on the date of the Balance Sheet. The Company's claim for extra work and escalation in rates relating to execution of contracts are recognized as revenue in the year in which said claims are finally accepted by the clients.

B. Other Operational Income

Other Operational Income Includes Revenue for Technical services provided and accounted on accrual basis.

C. Other Income

- a. Claims were accounted as income in the year of receipt of arbitration award or acceptance by client or evidence of acceptance.
- b. Income of Power Generation from Windmill was accounted in the period in which the right to receive of the same is established.
- c. Interest income is recognised on the time proportion basis.
- d. Other items of income are accounted as and when the right to receive arises.

Notes forming part of Accounts (contd.)

1.4 Extraordinary and exceptional Items

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the Company are classified as extraordinary items. Specific disclosure of such events/transactions is made in the financial statements. Similarly, any external event beyond the control of the Company, significantly impacting income or expense, is also treated as extraordinary item and disclosed as such.

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company, is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

1.5 Classification of Assets and Liabilities

The Schedule III to the Companies Act, 2013 requires assets and liabilities to be classified as either Current or Non-current.

- a) An asset shall be classified as current when it satisfies any of the following criteria:
 - I. it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
 - II. It is held primarily for the purpose of being traded;
 - III. It is expected to be realized within twelve months after the reporting date; or
 - IV. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.
- b) All assets other than current assets shall be classified as non-current.
- c) A liability shall be classified as current when it satisfies any of the following criteria:
 - I. It is expected to be settled in the company's normal operating cycle;
 - II. It is held primarily for the purpose of being traded;
 - III. It is due to be settled within twelve months after the reporting date; or
 - IV. The company does not have an unconditional right to defer settlement of the liability for at least twelvemonths after the reporting date.
- d) All liabilities other than current liabilities shall be classified as non-current.

1.6 Fixed Assets

- a) Fixed assets are stated at their original cost of acquisition and installation, less accumulated depreciation, amortization and impairment losses, if any. Cost comprises of the purchase price and any other directly attributable cost of bringing the asset to its working condition for its intended use.
- b) Administrative and other general overhead expenses that are specifically to construction or acquisition of Fixed Assets or bringing the Fixed Assets to working conditions are allocated and capitalized as a part of the cost of the Fixed Assets.
- c) Borrowing costs that are directly attributable to the acquisition of qualifying assets are capitalised for the period until the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use. Other borrowing costs are recognised as an expense in the period in which they are incurred.
- d) From the date Schedule II comes into effect i.e. 1 April 2014, the carrying amount of the asset as on that date depreciated over the remaining useful life of the asset. Pursuant to this policy, depreciation is provided at the rates prescribed in Schedule II of the Companies Act, 2013. Prior to 1 april 2014, the Company was following Written

Notes forming part of Accounts (contd.)

Down Value Method of depreciation. Effective 1 April 2014, the Company has changed the method of providing depreciation from written down value to straight line method, as in the management's view this change results in more appropriate presentation and gives a systematic basis of depreciation charge.

- e) Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation / depletion. The costs comprises of all cost, including financing costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible asset.
- f) Purchase cost and user license fees for major software are amortised over a period of three years.
- g) Own fabricated assets are capitalized at cost including an appropriate share of overheads.
- h) Depreciation for additions to/deductions is calculated @ pro-rata from/to the date of additions/deductions during the year.
- i) Tangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as Capital Work-in-Progress.

1.7 Operating Cycle

An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

1.8 Investments

Long Term investments are valued at cost, less provision for diminution other than temporary, in value, if any. Current investments are stated at lower of cost and fair value, computed category-wise

1.9 Cash and equivalents

Cash and cash equivalents comprise of cash at bank and cash in hand. The Company considers all highly liquid investments with an original maturity of three months or less from date of purchase, to be cash equivalents.

1.10 Provisions and Contingent Liabilities

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present values and are determined based on management estimate required to settle the obligation at the Balance Sheet date. These are reviewed as on the Balance Sheet date and adjusted to reflect the current best estimates.

A disclosure for a Contingent liability is made when there is a possible obligation or a present obligation that may but probably will not, requires an outflow of resources. When there is a possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

1.11 Foreign Exchange Translation of Projects and Accounting of Foreign Exchange Translations

Transactions denominated in foreign currency are normally recorded at the exchange rate prevailing on the date of the transaction.

Any income or expense on account of exchange difference either on settlement or on transaction is recognized in the profit and loss account. In case of fixed assets they are adjusted to the carrying cost of such assets. Foreign Currency Monetary Items are retranslated at the exchange rate prevailing on the reporting date.

Exchange differences arising on the settlement of monetary items or on reporting company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements,

Notes forming part of Accounts (contd.)

are recognized as income or as expenses in the year in which they arise except those relating to liability for acquiring fixed assets from outside India which are capitalized and those arising from investments in non-integral operations.

Foreign Branches are classified as non-integral foreign operations.

Gains or losses arising out of translations at the year-end are credited / debited to the Foreign Currency Translation Reserve under Reserves and Surplus.

1.12 Accounting for Taxes on Income

a) Current Income Tax:

Provision for Current Tax is made based on taxable Income computed for the year under the Income Tax Act, 1961.

b) Deferred Taxes :

Deferred Tax is accounted for by computing the tax effect of timing differences which arise during the year and reverse in subsequent periods. Timing differences arising due to difference in depreciation as per accounting records and Income Tax Act has alone been considered. Deferred tax assets are recognized and carried forward only to the extent that there is a certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realised.

1.13 Employees Benefits

a) Employer's contribution to the recognized provident fund which is a defined contribution scheme and ESI Contribution as per law are charged to the Profit and Loss account.

b) The Gratuity benefit is funded through a defined benefit plan. For this purpose, the Company has obtained a qualifying insurance policy from Life Insurance Corporation of India.

1.14 Earnings per Share

The Company reports basic and diluted earnings per share in accordance with Accounting Standard (AS20). Earnings per Share notified by the Companies (Accounting Standards) Rules, 2006. Basic earnings per equity shares are computed by dividing the net profit for the year attributable to the Equity Shareholders including the extraordinary profits arising out of the change in the method of depreciation from WDV method to straight line method by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit for the year adjusting for the effects of dilutive potential equity shares attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti dilutive.

1.15 Inventories

Inventory of construction / raw material are valued at the lower of cost and net realizable value. Cost of inventories is determined on first-in-first out (FIFO) method of inventory valuation.

1.16 Impairment of Assets

The carrying amount of assets other than inventories is reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the assets is estimated. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount.

Impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount."

Independent Auditor's Report

To
The Members of
M/s. RPP INFRA PROJECTS LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of RPP INFRA PROJECTS LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31st March, 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31st March, 2016, and their consolidated profit/loss and their consolidated cash flows for the year ended on that date.

Other Matters

- (a) We did not audit the financial statements of four subsidiaries, whose financial statements reflect total assets of Rs.31.40 Crores as at 31st March, 2016, total revenues of Rs. Nil and net cash flows amounting to Rs.0.06 Crores for the year

ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss of Rs. 1.19 Crores for the year ended 31st March, 2016, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

- (b) We did not audit the financial statements of one wholly owned subsidiary namely RPP Infra Overseas PLC, Mauritius whose financial statements reflect total assets (net) of Rs. 24.67 crores as at 31st March, 2016, total revenues of Rs. Nil and net cash outflows amounting to Rs. 0.11 crores for the year ended on that date, as considered in the consolidated financial statements.

The consolidated financial statements also include the Group's share of net loss of Rs. 0.28 crores for the year ended 31st March, 2016, as considered in the consolidated financial statements, in respect of this subsidiary, based on their unaudited financial statement as at and for the period ended 31st March, 2016.

This financial statement is unaudited and has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial statement. In our opinion and according to the information and explanations given to us by the Management, this financial statement is not material to the Company.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, incorporated in India, None of the directors of the Group companies incorporated in India is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- There were no pending litigations which would impact the consolidated financial position of the Group.
 - The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.

Annexure A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of RPP INFRA PROJECTS LIMITED ("the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform

the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of Our information and according to the explanation given to us , the Company and its subsidiary companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively

as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes forming part of Consolidated Accounts

Note No.1 Significant Accounting Policies

1.1 Basis of Preparation

The Company maintains its accounts on accrual basis following the historical cost convention in accordance with generally accepted accounting principles ["GAAP"]. Further, the guidance notes / announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations viz. SEBI guidelines override the same requiring a different treatment.

The financial statements are prepared in accordance with the requirements of the Companies Act, 2013, and comply with the Accounting Standards referred to in Section 133 of the said Act. The preparation of financial statements in conformity with GAAP requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known.

1.2 Presentation of financial Statement

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Accounting Standard (AS) 3 "Cash Flow Statements". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the Listing Agreement.

Amounts in the financial statements are presented in Indian Rupees in Crore rounded off to two decimal places in line with the requirements of Schedule III except where stated otherwise. Per share data are presented in Indian Rupees to two decimal places.

1.3 Revenue Recognition

A. Accounting of construction contracts

The Company follows the (Accounting Standard 7) percentage completion method, based on the stage of completion as at the balance sheet date, taking into account the contractual price and revision there to by estimating total revenue and total cost till completion of the contract and the profit so determined has been accounted for proportionate to the percentage of the actual work done as on the date of the Balance Sheet. The Company's claim for extra work and escalation in rates relating to execution of contracts are recognized as revenue in the year in which said claims are finally accepted by the clients.

B. Other Operational Income

Other Operational Income Includes Revenue for Technical services provided and accounted on accrual basis.

C. Other Income

- a. Claims were accounted as income in the year of receipt of arbitration award or acceptance by client or evidence of acceptance.
- b. Income of Power Generation from Windmill was accounted in the period in which the right to receive of the same is established.
- c. Interest income is recognised on the time proportion basis.
- d. Other items of income are accounted as and when the right to receive arises.

1.4 Extraordinary and exceptional Items

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the Company are classified as extraordinary items. Specific disclosure of such events/transactions is made in the financial statements. Similarly, any external event beyond the control of the Company, significantly impacting income or expense, is also treated as extraordinary item and disclosed as such.

Notes forming part of Consolidated Accounts (contd.)

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company, is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

1.5 Classification of Assets and Liabilities

The Schedule III to the Companies Act, 2013 requires assets and liabilities to be classified as either Current or Non-current.

- a) An asset shall be classified as current when it satisfies any of the following criteria:
 - I. it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
 - II. It is held primarily for the purpose of being traded;
 - III. It is expected to be realized within twelve months after the reporting date; or
 - IV. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.
- b) All assets other than current assets shall be classified as non-current.
- c) A liability shall be classified as current when it satisfies any of the following criteria:
 - I. It is expected to be settled in the company's normal operating cycle;
 - II. It is held primarily for the purpose of being traded;
 - III. It is due to be settled within twelve months after the reporting date; or
 - IV. The company does not have an unconditional right to defer settlement of the liability for at least twelvemonths after the reporting date.
- d) All liabilities other than current liabilities shall be classified as non-current.

1.6 Fixed Assets

- a) Fixed assets are stated at their original cost of acquisition and installation, less accumulated depreciation, amortization and impairment losses, if any. Cost comprises of the purchase price and any other directly attributable cost of bringing the asset to its working condition for its intended use.
- b) Administrative and other general overhead expenses that are specifically to construction or acquisition of Fixed Assets or bringing the Fixed Assets to working conditions are allocated and capitalized as a part of the cost of the Fixed Assets.
- c) Borrowing costs that are directly attributable to the acquisition of qualifying assets are capitalised for the period until the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use. Other borrowing costs are recognised as an expense in the period in which they are incurred.
- d) From the date Schedule II comes into effect i.e. 1 April 2014, the carrying amount of the asset as on that date depreciated over the remaining useful life of the asset. Pursuant to this policy, depreciation is provided at the rates prescribed in Schedule II of the Companies Act, 2013. Prior to 1 april 2014, the Company was following Written Down Value Method of depreciation. Effective 1 April 2014, the Company has changed the method of providing depreciation from written down value to straight line method, as in the management's view this change results in more appropriate presentation and gives a systematic basis of depreciation charge.

Depreciation has been provided by the foreign subsidiaries on methods and at the rates required/ permissible by the local laws so as to write off the assets over their useful life.
- e) Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation / depletion. The costs comprises of all cost, including financing costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible asset.

Notes forming part of Consolidated Accounts (contd.)

- f) Purchase cost and user license fees for major software are amortised over a period of three years.
- g) Own fabricated assets are capitalized at cost including an appropriate share of overheads.
- h) Depreciation for additions to/deductions is calculated @ pro-rata from/to the date of additions/deductions during the year.
- i) Tangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as Capital Work-in-Progress.

1.8 Investments

Long Term investments are valued at cost, less provision for diminution other than temporary, in value, if any. Current investments are stated at lower of cost and fair value, computed category-wise

1.9 Cash and equivalents

Cash and cash equivalents comprise of cash at bank and cash in hand. The Company considers all highly liquid investments with an original maturity of three months or less from date of purchase, to be cash equivalents.

1.10 Provisions and Contingent Liabilities

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present values and are determined based on management estimate required to settle the obligation at the Balance Sheet date. These are reviewed as on the Balance Sheet date and adjusted to reflect the current best estimates.

A disclosure for a Contingent liability is made when there is a possible obligation or a present obligation that may but probably will not, requires an outflow of resources. When there is a possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

1.11 Foreign Exchange Translation of Projects and Accounting of Foreign Exchange Translations

Transactions denominated in foreign currency are normally recorded at the exchange rate prevailing on the date of the transaction.

Any income or expense on account of exchange difference either on settlement or on transaction is recognized in the profit and loss account. In case of fixed assets they are adjusted to the carrying cost of such assets. Foreign Currency Monetary Items are retranslated at the exchange rate prevailing on the reporting date.

Exchange differences arising on the settlement of monetary items or on reporting company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise except those relating to liability for acquiring fixed assets from outside India which are capitalized and those arising from investments in non-integral operations.

Foreign Branches are classified as non-integral foreign operations.

Gains or losses arising out of translations at the year-end are credited / debited to the Foreign Currency Translation Reserve under Reserves and Surplus.

Foreign subsidiaries are classified as non-integral foreign operations. Assets and Liabilities are translated at the closing rate at the end of the year. Income and expenses are translated at the monthly average rates. All the resulting exchange differences are accumulated in a separate head "Foreign Currency Translation Reserve" and the same is shown in Balance Sheet under Reserves & Surplus.

1.12 Accounting for Taxes on Income

a) Current Income Tax:

Provision for Current Tax is made based on taxable Income computed for the year under the Income Tax Act, 1961.

Provision for current tax for the foreign subsidiaries are as in accordance with the applicable local laws.

Notes forming part of Consolidated Accounts (contd.)

b) Deferred Taxes :

Deferred Tax is accounted for by computing the tax effect of timing differences which arise during the year and reverse in subsequent periods. Timing differences arising due to difference in depreciation as per accounting records and Income Tax Act has alone been considered. Deferred tax assets are recognized and carried forward only to the extent that there is a certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realised.

1.13 Employees Benefits

- a) Employer's contribution to the recognized provident fund which is a defined contribution scheme and ESI Contribution as per law are charged to the Profit and Loss account.
- b) The Gratuity benefit is funded through a defined benefit plan. For this purpose, the Company has obtained a qualifying insurance policy from Life Insurance Corporation of India.

1.14 Earnings per Share

The Company reports basic and diluted earnings per share in accordance with Accounting Standard (AS20). Earnings per Share notified by the Companies (Accounting Standards) Rules, 2006. Basic earnings per equity shares are computed by dividing the net profit for the year attributable to the Equity Shareholders including the extraordinary profits arising out of the change in the method of depreciation from WDV method to straight line method by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit for the year adjusting for the effects of dilutive potential equity shares attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti dilutive.

1.15 Inventories

Inventory of construction / raw material are valued at the lower of cost and net realizable value. Cost of inventories is determined on first-in-first out (FIFO) method of inventory valuation.

1.16 Impairment of Assets

The carrying amount of assets other than inventories is reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the assets is estimated. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount.

Impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount."

1.17 Principles of Consolidation

The Consolidated financial statements have been prepared in accordance with the principles and procedures for the preparation and presentation as laid down in Accounting Standard- 21.

The Consolidated financial statements have been prepared on the following basis:

- a. The consolidated financial statements of the Group have been combined on a line-by-line basis by adding the book values of all items of assets, liabilities, incomes and expenses after eliminating intra-group balances/ transactions and unrealized profit/ loss in full.
- b. The consolidated financial statements are prepared by using uniform accounting policies for similar significant transactions and other events in similar circumstances. The financial statements of the subsidiaries are adjusted for the accounting principles and policies followed by the Group.
- c. The consolidated financial statements are presented, to the extent possible, in the same format as that adopted by the Group for its separate financial statements. Foreign subsidiaries financial statements are prepared in compliance with the local law and applicable accounting standards and are restated as per Indian Generally Accepted Accounting Principles for the purpose of consolidation taking in to account local laws, if any.

Notes to these consolidated financial statements are intended to serve as a means of informative disclosure and guide to better understanding. Recognizing this purpose, the Company has disclosed only such notes from the individual financial statements, which fairly present the needed disclosures.
